

NSM Teammates,

SDV hoisted into NSMSD

In late Sept an SDV was hoisted through a small, 2nd floor window of our downtown museum and will eventually be suspended above an SDV simulator in our main upstairs gallery focused on NSW history and capabilities. This event was also covered by local media:

[NBC7 - Audra Stafford Interviews Executive Director, Capt. Todd Perry and others](#)

[Abbie Black Interviews SOCS \(ret.\) Charlie Matranga and others](#)

NSMSD window graphics installed

The NSMSD 'Creature' makes first public appearance at SQT 363 graduation!

This was also the 'Tricentennial graduation' for Class 63, who presented the famous 'Creature' as they graduated in November 1971. Over a dozen Class 63 members were in attendance for 363. Since this original icon can never be replaced -nor should ever be moved, NSMSD had our own version created, which will soon be on display next to the MTS San Diego Trolley.

Until Next Time,

Lance Cummings
